**Words & Music: T-Lex**

**12 bar blues in G**

**Intro**

**C C11 Eb9 D9 G**

**I know a girl from Lao and Ning's her name  
She drives me crazy with her antics and her games  
If something goes wrong it's me who cops the blame**

**She fronted here to work and earn her pay  
But she does it in a very dubious way  
I can't decide if it's work or if it's play**

**CHORUS**

**Gtr solo**

**If this keeps up I'm going to go insane  
All this stress it really hurts my brain  
She treats me with contempt and with disdain**

**CHORUS**

**Piano solo**
