I know you well, you've always got a story to tell  
It's rarely good, I'm never doing what I should  
You always see something that is wrong with me  
It seems that I will always fail at what I try

**[C7]So, [F/C]you [Bb7]say, [F]you just [C/E]want it [F]all your [G7]way**  
**[Bb7]Listen closely, [C11]hear me [C11]say – [R]no**

It's peace I seek, but all I get is more critique  
Your words cut deep, my feelings cast aside a heap  
You bitch and moan because it makes you feel at home  
You whine to friends in all the hours on your phone
